What 2016 Conference Attendees Have to Say

"It was amazing and I am forever changed. Thank you and keep doing these workshops!!!!"

"A worthwhile investment in self-development that will benefit anyone who is interested in leading a more fulfilled life, turning it up a notch to reach new heights, or venturing out with confidence to explore a career change."

"Adding a module on finances was an excellent way to round out the workshop content. Too often, people are uncomfortable talking about finances, and as a result don't understand important information that impacts their financial decisions."

"Annette is authentic and accessible. She is genuinely interested in people's growth and development."

"Ms. Gregg's enthusiasm, facilitation skills and passion for the subject matter were the same hour one as they were hour nine! A Wonder Woman-type feat!"

"I feel empowered, inspired and ready to make my dreams a reality. Annette is an incredible teacher with so much knowledge to share."

"She is amazing! Passionate, clear about what is meant to be accomplished in the course and uses wonderful group exercises to put the concepts into action!"

"I walked out of that classroom not only feeling better about myself as a woman, but also made very realistic goals for myself regarding my career. Thank you Annette for showing me what a confident, empowered and strong woman looks like."
