

70,700 Pharmacy Technicians Will Be Needed in the U.S. by 2022

Pharmacy Technician Course, Starting Oct. 5

With all the new prescription drugs being approved and consumed by Americans, the pharmacy sector is growing rapidly. The Bureau of Labor Statistics predicts employment growth for pharmacy technicians at about 20 percent from 2012 to 2022 – faster than the average growth rate for all occupations.

In Just Eight Weeks, Have the Skills You Need for a Pharmacy Technician Career

- Master medical terminology, calculations, and measurements
- Know how to read and interpret prescriptions
- Learn inventory control
- Prepare for the PTCB exam

This comprehensive 59.5-hour course will prepare students to enter the pharmacy field and take the Pharmacy Technician Certification Board's (PTCB) exam. Technicians work in hospitals, home-infusion pharmacies, and community pharmacies, working under the supervision of a registered pharmacist.

Externship Opportunity

Find an externship at a local pharmacy and we'll provide the required contract once you complete the SDSU CES course.

Change your life while making a difference in the lives of others, with a career in the health care field.

Course Starts Oct. 5. Register by Oct. 5.

Dates: Mondays and Wednesdays, Oct. 5-Dec. 7, 6-9:30 pm | **Fee:** \$1,599 | **Location:** Courses are held at SDSU's Extended Studies/Gateway Center; free and ample parking is nearby.
