

Corporate and Custom Training

SDSU's College of Extended Studies offers tailored corporate solutions that deliver positive cost benefits, maximize employees' potential, and increase productivity.

Why choose SDSU?

- Utilize the resources of San Diego's largest university
- Training is focused on your issues, business challenges, strategies, and opportunities
- Proven track record with the area's top organizations
- Convenience and flexibility – deliver courses on-site according to your schedule
- Qualified, experienced industry experts: Learn today; use tomorrow

Examples of Custom Training Topics

- Leadership Development
- Project Management
- Process Improvement
- Supervision and Management
- Business Communication
- Team Building
- Workplace English
- Conflict and change

For more information about our range of in-house programs visit neverstoplearning.net/corporate.

To discuss on-site delivery of these or other programs, please contact Casey Rothenberger, Executive Director, at (619) 594-2520 or crothenb@mail.sdsu.edu.

"SDSU's Essential Management and Leadership classes allow our leads, managers, and those above the ability to discuss and practice situational issues, validate good practices, build on current skills, and learn new ones. Growth is one of our organization's Pillars of Excellence and SDSU's program ties right into that. By having SDSU deliver management training at Sharp, it is convenient for our staff, we are able to customize the schedule to meet our needs, and Sharp employees know they are in class with co-workers who are having similar experiences in the health care setting. SDSU is always quick to respond and always professional. It is a pleasure working with the SDSU College of Extended Studies team."

~ Anita Caro, Human Resources, Sharp HealthCare
