What Students Say About the Program

“Our fantastic instructors were from Brazil and Portugal, and we learned from the examples of their lives as well as narratives from throughout the Lusophone world. We were trained up quickly and well, and had a fantastic time hanging out with the Brazilian community in San Diego.” — Sam Allen (Portuguese)

“Studying at SDSU was one of the most amazing experiences of my life. It was an honor to learn Chinese with a group of hardworking and committed learners... The instructors were not only amazing at teaching, but also thoughtful, caring, and were like our mothers. I miss everyone and would like to do ProjectGo again if an opportunity arises.” — David Lim (Chinese)

“The format worked wonderfully at making me really remember what we learned. The instructor, Ghassan [Zakaria], is brilliant and makes the subject feel extremely approachable as well as logical and straightforward, which is just amazing when it’s the first time you’re working with a language without a Latin alphabet.” — Taylor Wright (Arabic)
