SDSU@Southwestern College
Bachelor of Science in Business Administration
Online Degree Completion

SDU’s Fowler College of Business is fully accredited by AACSB International — The Association to Advance Collegiate Schools of Business. All of its programs — both online and on-campus — are accredited.
What are the admission requirements of the program?
To be fully qualified for admission to the Bachelor of Science in Business Administration program, you must have at least 60 transferable semester units by the term prior to transfer. This includes 27 lower division preparation course units for the General Business major and at least 30 units of General Education. You must also have a 2.75+ GPA and satisfy all CSU requirements.

How is the program structured?
The online program is designed to be flexible and convenient. Courses run in eight-week blocks, so a full-time student can take four courses each term, but focus at any given time on just two in a block. The program also accommodates students who want to take courses on a part-time basis. The program is entirely self-paced, which means you have the option of slowing down by taking a lighter course load or speeding up by taking a heavier course load.

What degree will I earn when I finish the program?
You will earn a Bachelor of Science in Business Administration degree from San Diego State University. The diploma received and transcript will not distinguish that the program was completed online.

What does the SDSU@Southwestern College Microsite program mean for me?
Earning your degree through our SDSU@Southwestern Microsite program means that you’ll have full access to SDSU’s online degree completion program, with courses taught by SDSU faculty. You’ll also benefit from instructional support, student advising, and other services at Southwestern College provided by SDSU.

Can I apply for financial aid and scholarships?
Yes, for the latest information on financial aid and scholarships, visit sdsu.edu/financialaid.

How much does the program cost?
The cost of the program for California residents and nonresidents is $450 per unit. This makes the total cost of the program range from $22,050 to $27,000, depending on the degree earned and the number of units required. Not included are the costs of required texts and learning materials as well as incidental fees related to a student’s application for admission, WPA testing, and graduation.

How do I apply for admission to the online program?
Information about applying for admission to the program can be found at neverstoplearning.net/southwesterncollege.
