

Earn Your Master of Public Health Degree in 18 Months

SDSU's Master of Public Health Online Program: Application for Fall 2019 is Open Oct. 1 through May 1, 2019

Now in its second year, San Diego State University's new Master of Public Health (MPH) online program is already ranked #21 in the nation — by bestcolleges.com, an independent resource for online students.

With the program's degree in Health Promotion and Behavioral Science, graduates will be able to develop, implement, evaluate, and critique public health promotion programs. Developed exclusively for early career professionals, this online program allows students to study on their own time while continuing to pursue their careers.

If you'd like to apply for the Fall 2019 session, please mark your calendar:

Application Opens: Oct. 1
Deadline: Apply by May 1, 2019

This SDSU School of Public Health program is administered through the College of Extended Studies.

School of Public Health

For instructions on how to apply, visit MPH in Health Promotion and Behavioral Science Online.

If you have any questions about the application process, please contact SPH Admissions Coordinator Brenda Fass-Holmes at bholmes@sdsu.edu or (619) 594-4492.

Students will learn to:

- Use multiple sources of data to assess the health needs of a population
- Identify personal, social, political, and environmental determinants of health-related behaviors, morbidity, mortality, and health disparities
- Identify the most efficient and effective intervention strategies for improving population health
- Evaluate health promotion programs
- Develop scientific papers and presentations

Program Details

- Accredited by the Council on Education for Public Health (CEPH)
- 18-month program, fully online coursework
- 51 units, including 3 units (180 hours) of internship or practical field experience
- Two 3-unit courses per eight-week session
- Course lectures are pre-recorded, allowing students to work at their own pace and around their work and family schedules
- One-week break between sessions
- Low cost: \$562 per unit (subject to change)
- Eligible for financial aid

Admissions Criteria

- Bachelor's degree in any major from an accredited university
- Undergraduate GPA of at least 2.85 overall
- Must have taken the GRE exam within the past five years
- A minimum of three years of full-time work experience, preferably in a public health-related position/organization
- Current full-time employment, preferably in a public health-related position
